Bridge School Honor Code

George L. Bridge School is an academic community with a mission to nurture and encourage the development of intellectual character, social responsibility, and personal integrity among all members of the community. The members of this community are all present by choice, and the honor system embodies the mutual trust and respect we all seek. It affords each person within the community the trust and freedom that honesty merits.

Primary Guideline

“No member of the community shall take unfair advantage of any other member of the community.” This guideline will apply to all members of the community, everywhere within the community. It is not restricted to academic interactions, but also binds us in non-academic interactions.

Student Contract

1. I will be personally responsible for my own learning---This requires consistent attendance, punctuality, preparation for and participation in class activities, completion of assignments, striving to produce quality work, and actively seeking help when requirements or concepts are not understood.
2. I will be respectful of others and discourage disrespectful behavior by others---This requires attentive listening, thoughtful speech, appreciation of individual diversity, compassion, and active involvement in conflict resolution. It also requires that students actively defend the primary guideline by holding violators accountable and notifying the appropriate administrator of violations.
3. I am responsible for taking good care of myself and others --- Physical and verbal abuse will not be tolerated. Students may not use, possess, or exchange drugs or alcohol while at school or while involved in school activities.
4. I am responsible for determining any possible consequences for my actions---This may require considerable advanced thought to distinguish appropriate and inappropriate actions. Failure to realize the consequences of a course of action will not justify or excuse it.

I, _____, agree to accept and participate in the Bridge School honor system, and to actively defend it by my own actions.
